Undertake to respect the following conditions :

- **The bundle which is sold to me shall not be communicated, reproduced, or transferred to a third party.** Any representation or reproduction, in whole or in part, using any process whatsoever, undertaken without the consent of Inc. Avions JODEL is illicit (article L122-4 of the French Code of Intellectual Property). This would constitute an infringement sanctioned by articles L335-2 and following of the Intellectual Property Code.
- **A single device shall be built** and neither its construction nor its use shall have a commercial purpose. The device shall not be sold before two years of use.
- **The device shall be strictly in keeping with the plans** in terms of materials and construction, settings and centring processes. The engine characteristics shall comply with the specifications.
- **No modification, even minor, shall be made without written request** to Inc. Avions JODEL, including plans if necessary, for prior approval.
- The specific denomination of your device is defined by the chosen engine type.
- The liability of the company shall not be engaged in the event of an incident caused by non-compliance with the plans or the construction requirements.

The customer(s) declare(s) to have read and to accept the above conditions of sale.
